SUDDENNESS OF SOVIET ACTION WAS TO PREVENT WHOLE POLAND BEING OVERRUN BY THE GERMANS

Will Hitler Try To Carry War To France?

Maginot Line Extends Along Belgian Frontier

LONDON, SEPT. 18 (REUTER)—ALTHOUGH PORTIONS OF THE POLISH ARMY MAY TROUBLE THE GERMANS FOR SOME DAYS YET, THE CHIEF INTEREST OF MILITARY OBSERVERS IS HOW LARGE AN ARMY GERMANY MAY DEEM NECESSARY TO MAINTAIN IN POLAND TO FACE THE RUSSIAN INVASION.

All agree that the suddenness of Russian action was due to the necessity of preventing all Poland from being overrun by the Germans and creating a barrier against German penetration to the fertile cornlands of Ukraine which it has been an article of faith with all Russians that Hitler ultimately plans to possess.

It is noteworthy that Russia waited till the last moment to inform Germany that she is invading Poland and supplied no details.

Large forces are already transferring from Poland to the Western Front where French penetration averages twelve-and-a-half miles over a forty-mile front.

French guns now practically dominate the Saar Valley where blast furnaces of the coal mines are empty thus depriving Germany of important supplies of iron and coal.

The question is whether Germany will remain on the defensive in the Siegfried Line or invade Belgium and Holland in an endeavour to carry the war to France.

Reports of civilian population being evacuated behind the Belgian and Dutch frontiers, particularly around Aix-La-Chapelle, point to the latter design. Belgian defences, however, are much stronger than in 1914 and the Maginot Line extends along the Belgian frontier.

Week-end reports of the fighting around Saarbrücken suggests that the German Army is not equal to that of the last war. Counter-attacks that fall are particularly costly warfare.

JAPAN SEES LONG WAR IN EUROPE

TOKYO, Sept. 18 (Reuter)—The view is held here that the whole Europe will eventually be involved in a struggle for survival lasting for many years.

A spokesman of the Japanese Foreign Office declared to-day that the Soviet-Japanese truce had nothing to do with the European situation nor was it concluded through German mediation.

IMPORTANT GERMAN MECHANISED FORCE BROKEN BY POLES

KUTY (Polish-Rumanian frontier), Sept. 18 (Reuter) (Delayed in transmission)—An important German mechanised force was completely broken up by Polish troops 15 miles to the west of Lwow, according to a communique issued on Sunday by the Polish Telegraphic Agency.

ARGENTINA ACTION AGAINST NAZI AIRLINERS

BUENOS AIRES, Sept. 18 (Reuter)—The Argentine Government has refused to allow German airliners to proceed to Rio de Janeiro by any other route except that prescribed for commercial aviation.

This step was taken in consultation with the Brazilian Government.

It is rumoured that German airliners have been making trips not connected with their regular runs.

T. V. SOONG ON SECRET MISSION TO MOSCOW

SHANGHAI REPORT NOT CONFIRMED

SHANGHAI, Sept. 18 (Reuter)—Considerable excitement was caused here by a report, hitherto unconfirmed, that Mr. T. V. Soong, brother-in-law of Generalissimo Chiang Kai-shek and former Minister of Finance, has gone on a secret mission to Moscow.

Rumour of this mission spread like wildfire throughout the Shanghai business community, and resulted in general hardening of feeling in the dollar.

The report freely connects Mr. Soong's mission to Moscow with the possibility that some form of armistice may be negotiated in Moscow between China and Japan similar to the armistice recently concluded in Moscow between Russia and Japan.

GEN. TERAUCHI IN BERLIN

BERLIN, Sept. 18 (Reuter)—The Nazi radio announces that Gen. Terauchi, head of the Japanese military mission recently in Rome, arrived here to-day and was met by the heads of the fighting forces. Herr von Ribbentrop, Foreign Minister, was also present having returned from the front for the purpose.

Revision Of Shanghai Defences

BRITISH HAND OVER PART OF SECTOR

SHANGHAI, Sept. 18 (Reuter)—Implementing their promise to revise the question of the defence arrangements of Shanghai for which a meeting of the British, American and Italian commanders was called by the Japanese last Thursday, the British to-day agreed to hand over to the Japanese part of their defence sector, namely, that section north of Soochow Creek, known as "no man's land," extending between North Homan and North Kiangsi Roads, and which adjoins the western perimeter of the Japanese-occupied area of Hongkew.

This section was originally held by the Japanese.

It is understood that no other region has yet been proposed by the Japanese.

20,000 CIVILIANS KILLED

LONDON, Sept. 18 (Reuter)—In a broadcast in Russian, on September 18, Moscow announced that 20,000 civilians were killed by German bombing in Lemberg and that the Germans had machine-gunned refugees from Lublin.

THE HAGUE, Sept. 18 (Reuter)—The Netherlands Government is stopping the entry of Jewish refugees into Holland. No new permits will be issued while those issued after July 1 have been declared void.

RUSSIAN RIDDLE IS STILL NOT SOLVED

Marked Cleavage Of Opinion In Leading London Press

LONDON, Sept. 18 (Reuter)—A singularly uncompromising condemnation is given by most of the London newspapers to the Red Army's entry into Poland though the fact that there is marked cleavage of opinion regarding M. Stalin's motives, between important organs like "The Times" and the "Daily Telegraph," suggests that the Russian riddle is still not solved to universal satisfaction.

The "Daily Telegraph" interprets the move as one of self-protection against Germany and expressed the opinion that Russia is alarmed at the rapidity of the German advance and the threat it offers to Russia's western frontier.

Russia is determined that the whole of Poland shall not come under German domination and is willing to risk a clash with her new friends to protect Russian interests, for, wherever two great armies meet in such circumstances, there must be some danger of incidents leading to a war.

WORTH NO MORE

The new Russo-German Non-Aggression Pact is worth no more than Herr Hitler's agreement with Austria, Czechoslovakia and Poland.

M. Stalin cannot watch the German steam-roller crashing over prostrate Poland without an uneasy suspicion that the driver may forget to stop, and M. Stalin can have no doubt as to what Hitler covets most.

Whatever the future may hold two things are certain. Firstly, that the presence of the powerful Russian Army on his eastern frontiers, will immobilize a large part of Herr Hitler's forces at a time when they are needed in the west and, secondly, that Poland brutally stricken to the earth, will rise again.

NO IMMEDIATE COST

"The Times" says that the Germans knew better when they judged that the self-denying objects of a peace front would prove pallid and unconvincing to Russia compared

GRAVE ANXIETY FELT IN ESTONIA AND LATVIA: SOVIET SOLDIERS CONCENTRATING NEAR FRONTIERS

Moscow Train Fails To Arrive At Riga

LONDON, Sept. 18 (Reuter)—Grave anxiety has been caused in Estonia and Latvia by the Soviet entry into Poland according to a Polish broadcast which reported that Soviet troops are concentrating near the frontiers of the two States.

The Moscow-Riga train failed to arrive at Riga yesterday.

The Latvian Minister in Moscow, in common with the representatives of other States, has received an assurance that the Soviet will pursue a policy of neutrality towards Latvia, states the Latvian Agency, which adds: "It goes without saying that the authorities will resist any attempts to violate the frontier."

RUMANIA'S NEUTRALITY

BUCHAREST, Sept. 18 (Reuter)—It is officially learned that the Rumanian Minister in Moscow has received assurances that Rumanian neutrality will be respected.

It is stated categorically that Rumania is determined to defend her frontiers against all comers and is taking necessary precautions.

Poland has no intention of invoking Rumania's assistance under the Rumanian-Polish Treaty.

WILNO REACHED

RIGA, Sept. 18 (Reuter)—It is reported that Russian troops have reached Wilno, about 80 miles from the Soviet-Polish frontier and 25 miles from the Lithuanian border.

BULGARIA IMPRESSED

SOFIA, Sept. 18 (Reuter)—The Soviet entry into Poland has made a great impression in Bulgaria and is the subject of much comment in political circles.

The general view is that a Black Sea Pact will soon be concluded and the Soviet will strengthen her relations with eastern, southern and western Europe, at three points vital to her—Baltic Sea, the mouth of the Danube and the Dardanelles.

GERMANS ADVANCE

BERLIN, Sept. 18 (Reuter)—It is claimed that German troops in south-east Poland are advancing on Drohobycz, Magierow and Krasnostaw, south-east north-east and north of Proszyn, respectively.

It is admitted that fighting is still in progress for possession of Lublin, in central Poland.

Nazis Claim Polish Campaign Nearing End

AIR FORCE READY FOR OTHER TASKS

BERLIN, Sept. 18 (Reuter)—The German High Command states that the Polish campaign is approaching an end. According to the same source Lublin has been conquered and Lwow encircled.

The communique added that as the greater part of Poland is now occupied the German "Air Force" is now assembled for other tasks.

SPARED DESTRUCTION

LONDON, Sept. 18 (Reuter)—Evidently Warsaw has been spared total destruction as previously threatened by Germany.

It is said that the German High Command declared that as Poland is practically conquered no useful purpose could be served by smashing Warsaw which eventually will surrender with the least distress and bloodshed.

BRITISH ENVOY LEAVES

PARIS, Sept. 18 (Reuter)—The British Ambassador to Poland, Sir Howard Kennard, and the remainder of his staff has arrived in Czernowitz. The French envoy is expected there soon.

Two hundred Polish planes which landed in Czernowitz in Rumania have been impounded and the crews interned.

POLISH REFUGEES

RIGA, Sept. 18 (Reuter)—Refugees from Poland have begun to pour towards the Latvian frontier, according to a telegram from Daugavpils.

It is added that 20 Polish planes have landed here and have been interned.

Aircraft Carrier Sunk By U-Boat: Did Good Work Protecting Merchantmen

LONDON, SEPT. 18 (REUTER)—THE ADMIRALTY ANNOUNCES THAT THE AIRCRAFT CARRIER H.M.S. COURAGEOUS WAS TODAY LOST BY ENEMY SUBMARINE ATTACK.

The Courageous was with the Reserve Fleet and was performing valuable services when she was attacked and sunk. Her crew was rescued by destroyers and merchant ships.

The submarine was immediately heavily attacked by British destroyers and presumably destroyed. The full complement of the Courageous with personnel of the Fleet Air Arm would be about 1,200 officers and men.

REDUCED COMPLEMENT

British Wireless reports that the Courageous was commissioned with the Reserve Fleet in August with reduced complement of aircraft and, since the opening of hostilities, has been performing very good service in protecting ships of the merchant marine against U-boat attack.

BLACK-OUT

Full details regarding the compulsory black-out exercise to be held on Friday evening, September 22, will be found on Page 5.

NO MORE BRITISH TENNIS RANKINGS

L.T.A.'S Announcement Comes As Great Surprise

The bald announcement has been by the British L.T.A. Council that it had decided to discontinue the official annual ranking lists of British players caused considerable surprise, not entirely unmingled with amusement writes a Home correspondent. No reason was given for this change from a custom which the British L.T.A. has now followed for about a dozen years.

Every other lawn tennis-playing country in the world issues its annual ranking lists, and now Britain's ruling authority's opinion of the merits of its own players will be the only one not available for reference or comparison.

Other countries issued ranking lists long before the British L.T.A. decided to do so, though they had been urged both by players and in the Press to conform to a custom that was already becoming universal. They were, from the start, reluctant to undertake the necessary work; and at one time had the idea of entrusting it to three of the principal tournament referees, whose knowledge of the players and their "form" would certainly have been of the utmost value in compiling the lists.

But this scheme fell through, and the British L.T.A. embarked on the work, mainly by a collation of results, which are not invariably a safe guide. This, at least, has always been supposed, to be the method employed; but nobody outside the British L.T.A. has ever known, exactly, how or by whom, the ranking lists were compiled.

From the start, in any case, a wrong basis of arriving at the respective merits of players were employed. An "annual" ranking list ought, ipso facto, to be compiled on the results of the year's play; but until two or three years ago, only the summer's play was taken into account, no notice being taken of play on covered courts, or play on the Riviera or abroad, or of the majority of hard court tournaments.

During the last few years the scope has been extended, but still did not cover all the year's play. Then again, too often, the lucky players selected to represent this country in the Davis Cup seemed to be automatically placed in the top positions in the list issued in November, whereas it is quite obvious that a good deal of change of form may take place between the beginning and the end of the season; and, presumably, the lists were supposed to represent the respective form of the players at the end of the playing year.

WRONG BASIS

It is understood that one of the reasons why the ranking lists have been abandoned is that the women didn't like them; and some would not play a player of lower ranking for fear of being beaten. This can have applied to very few, if any; certainly when the announcement of abandonment was made, several of our best women players expressed their regret. As to the men, the publication of the lists was a great incentive to improvement; and rivalry is the spice of competition.

"UNOFFICIAL" LISTS

Long before the British L.T.A. made up its mind to issue ranking lists, "unofficial" lists were made and published by two or three men who were thoroughly conversant with the merits and "form" of the player, from the very fact that they were almost continuously in tournaments.

I have myself published an unofficial men's ranking list of my own at the end of the year, and I have had ample proof of the interest which has been taken in it. I have no intention of ceasing to continue this practice, for I am convinced it does good; but I am sorry that there will be no more "official" lists, which alone can carry authority outside England.

(In the Davis Cup this year Australia beat America in the challenge round).

H.K. Singers Give \$5,000 To Charity

Pointing out that no other society could claim to have given as much as \$5,000 to charity in the course of a year and still paid its way, Prof. L. T. Ride, chairman of the Hongkong Singers, read extracts from the annual report of the association at its annual general meeting held at the Union Church yesterday.

He said that His Excellency the Governor had been pleased to accede to the committee's request to be their patron.

After the minutes of the last meeting had been read and confirmed, and the chairman's report read, the treasurer, Mr. H. H. Higgins, explained that although the general account showed a balance available of only \$31.93 there was a further \$40 which they had to get for broadcasting. This would bring the balance to \$71.93.

The following office bearers were then elected for the coming year: President, Hon. Mr. L. Smith; chairman, Prof. L. T. Ride, Conductor, Mr. J. R. M. Smith, Organist, Mr. R. P. Baldwin, accompanist, Mr. E. O'Neill Shaw, Secretary Mrs. J. Court, Treasurer, Mr. A. St. G. Walton (vice Mr. Higgins, who might be leaving the Colony), Members of Committee, Mr. Bicheno and Mr. Sanders.

EURASIA'S MAIL & PASSENGERS SERVICES SUSPENDED

The Eurasia Aviation Corporation's weekly air services between Hongkong and Kunning have been suspended since September 3 when England and France declared war on Germany.

The Corporation, being approximately 80 per cent. Chinese-owned and 40 per cent. German made use of German aviators and engineers in the upkeep of their services. Consequently, on the declaration of war, the company ceased all operation to and in Hongkong and now await a definite status as to their position.

APPLICATION MADE

Recent reports from Chungking officials and local executives of the Eurasia Aviation Corporation confirm the application by the concern to the British Government for permission to use Hongkong as a terminus with German pilots in the planes. However, no answer has yet been received from the Air Ministry though it is expected shortly.

On receipt of permission the Eurasia Aviation Corporation's services to North China will be resumed.

TRAFFIC CASES

Appearing on remand before Mr. R. A. D. Forrest, at the Central Court yesterday, for driving without due care and caution, Yuen Wong, a lorry driver, was fined \$10. He was stated to have failed to keep to the left side of the road while driving along Island Road, near Deep Water Bay, on August 12.

In connection with the incident, another driver, Ng Chan-to, who was summoned for attempting to overtake a lorry without caution, was discharged.

Mr. F. H. Loseby appeared for the defendants.

Wong pleaded he did not understand what the detective wanted of him. It was stated in Court that the detective, No. 371, was assigned to watch in the vicinity of Chatham Road following an armed robbery in Prince Edward Road near Boundary Street.

CO-OPERATIVES RECEIVE NEW FOREIGN AID

Increased grants during September, 1939, from the two main foreign relief agencies in China have recently helped to swell the productive relief funds of the Chinese Industrial Co-operatives, report the Hongkong Promotion Committee of the organization.

From the British Fund for Relief in China has come \$80,000, National Currency in two allotments, one of \$50,000 for the Northwest Headquarters of the Industrial Co-operatives, and the other of \$10,000 for refugees in the Southeast.

At the same time, the American Advisory Committee for Civilian Relief, with headquarters in Shanghai, gave Chinese \$30,000 for the Southeast. This sum and that from the British Fund will help provide working relief in co-operatives for 2,000 refugees who have fled inland from the coast with the fall of Swatow and Amoy, and south from Nanchang.

These grants bring the contributions from the two bodies to the C.I.C. up to Chinese \$80,000 for the British Fund, and \$75,000 for the American Advisory Committee.

BOOK REVIEW

"The People's War"

In his book, "The People's War," just published by Messrs. Gollancz at 7/6, Mr. I. Epstein has succeeded more than any writer in giving a picture of the hostilities in China that is factually and analytically as rounded and complete as any interested reader could wish for to enable him to interpret correctly the maze of events as well as to understand their inspiration and their objective.

As a member of the United Press, Mr. Epstein was an eyewitness of most of the principal happenings in the course of the war, from the Lukuchiao Incident to the evacuation of Hankow, and his descriptions of what he saw are valuable and reliable records. That, however, does not constitute the whole strength of the book. The author has called upon his knowledge of the currents of Chinese politics in the past ten or twelve years in explaining the basic causes of the conflict, and his history of the Chinese struggle for liberation is both authentic and interesting.

EVERY PHASE

Nearly every phase of the Chinese effort is given careful attention by the author, who, as the title of the book suggests, has sought to show how the Chinese people have awakened to the danger of aggression and how they are hoping to preserve their independence.

Mr. Epstein is fully convinced of the justness of China's cause, and at heart appears to be as much a partisan as the Chinese soldier at the front. Because of that, his ardour may easily be misinterpreted.

"The People's War" is good for general reading and vital for the reference library.—A.C.G.

Pleading guilty to a charge of making fast to the s.s. "New Mathilde" on September 17, Cheng Ho, 52, married woman, of boat No. 2850V, and Leung Yau-ho, 28, widow, of boat No. 2747V, were fined \$10, each, by Commander G. F. Hole, at the Marine Court yesterday.

H.K. Chinese Commemorate Mukden Incident

Chinese residents in Hongkong yesterday joined their compatriots in China and abroad to commemorate the eighth anniversary of the Mukden Incident which led to the Japanese military occupation of the four North Eastern Provinces in 1931.

Chinese "national flags" in the Colony were hoisted at half-mast and several public organisations, including the Hongkong Committee for Student Relief, the Hongkong branch of the National Women's Relief Association, and the Hongkong branch of the Chinese War-time Child Welfare Institute, held meetings yesterday morning in commemoration of the occasion.

"TEN-CENT" MOVEMENT

Chinese students here also launched a "ten-cent" movement to raise funds for the relief of refugees in the country.

Practically all vernacular papers yesterday commented on the occasion, declaring that we shall never forget the humiliations we suffered then and urging for continued resistance against the present enemy invasion until we recover all lost territory.

The "Ta Kung Pao" points out that the root of the present world catastrophe, in effect lay in the Mukden Incident eight years ago. It was the Japanese invasion in Manchuria which paved the way for the present international chaos and lawlessness, the paper says.

"ROMANCE OF THE REDWOODS"

A story of human emotions as epic as its scene, Columbia's "Romance of the Redwoods" opens to-morrow at the Majestic Theatre with Charles Bickford and Jean Parker featured.

The new film captures all the scenic grandeur of the nation's timber belt, and it possesses all the flaming power inherent in the pen of its author, "Romance of the Redwoods" is based upon a Jack London story of the great north woods.

A bruising, brawling thriller of the timberland, this new film is a stirring human drama set amid surroundings of majestic dignity which enhance the entertaining and swiftly-paced narrative.

A seething cauldron of smoke and flames, the blazing brilliance of a huge forest on fire, climaxes "Romance of the Redwoods" and symbolizes the burning emotional conflicts which make the film so thrilling.

COMPULSORY BLACK-OUT EXERCISE ON FRIDAY

Full Instructions Issued By A.R.P. Department

A compulsory black-out exercise will take place on Friday evening when the Lighting Control Regulations, as published in the Government Gazette of July 14, 1939, will come into force.

The attention of the general public is invited to the provisions of the Lighting Control Ordinance, No. 55 of December 31, 1936, which provides a penalty for contravention or non-compliance with any regulations under that Ordinance.

Generally speaking, the main points in these Regulations are that on the night of the black-out, those lights which cannot be extinguished, or obscured, within three minutes of the sounding of the air raid warning signal, must not be lit after sunset on Friday evening, and any remaining lights must be capable of being extinguished or obscured within three minutes of the sounding of the air raid warning signal.

OBSCURATION OF LIGHTS
The obscuration of all lights must be effected by using either black or dark blue material, black or dark blue tissue paper, or black or dark blue paint—in all cases two thicknesses must be used. The use of any other colour will be a contravention of the Lighting Control Regulations.

TRANSPORT
Road vehicles of every description, including rickshaws, bicycles, etc. will only be permitted to proceed on the roads on the following conditions:—

(a) From sunset to the sounding of the air raid warning signal all lights on vehicles must be masked in accordance with the Lighting Control Regulations, and on the sounding of the air raid warning siren, all vehicles where applicable must pull into the side of the road and extinguish all lights, and in the case of trams, exhibit a red light on the forward and after end of the tram car.
(b) After 9.35 p.m. the movement of all road transport vehicles may be resumed, but all lights must remain obscured in accordance with the Lighting Control Regulations, and must not return to normal lighting conditions until the "raiders passed" signal has been sounded.

The movements of vehicles belonging to the Naval, Military, Air Force, Essential, A.R.P., Police and Ambulance Services will not be restricted during any period of the black-out period, though all lights must be masked in accordance with the Lighting Control Regulations.

For a short period after 11 p.m., certain military units will be moving, which will necessitate a slight relaxation in the lighting restrictions in so far as military vehicles are concerned. This relaxation, however, will on no account apply to any lights on any other public or private vehicles.

HARBOUR AND SHIPPING
From sunset, up to the sounding of the air raid warning siren, lights may be kept lighted provided that effective provisions have previously been made for the extinguishment or screening of all lights, so that all such lights can be extinguished or screened within a period of three minutes.
On the sounding of the air raid warning siren, all lights, including Navigation Lights, must be extinguished or obscured.
At 9.35 p.m. Navigation Lights should be relit, but all other lights must remain extinguished or obscured until the "raiders passed" signal has been sounded.

CROSS HARBOUR SERVICES
Cross harbour ferry services will cease running between 9.15 p.m. and 9.35 p.m. but normal transport services after 9.35 p.m. may be resumed, provided that all lights except Navigation Lights are reduced in intensity, either by extinction or obscuration, to the minimum compatible with safety.
Normal lighting may be resumed on the sounding of the "raiders passed" signal.

In order that these lighting restrictions can be carried out, the port will be closed between the hours of 8 p.m. and 9.45 p.m. and the above lighting restrictions imposed on shipping are subject to any instructions which may be issued by the Naval or Harbour Authorities.

AIR RAID SIGNALS
The commencement of the exercise will be indicated by the sounding of the air raid warning signal, namely—a fluctuating blast from electric sirens extending over a period of three minutes, followed by the extinction of all street lighting.

The "raiders passed" signal (indicating that the exercise is terminated and normal lighting may be resumed) will be indicated by a steady blast from electric sirens extending over a period of three minutes, followed by the resumption of street lighting.

The "raiders passed" signal (indicating that the exercise is terminated and normal lighting may be resumed) will be indicated by a steady blast from electric sirens extending over a period of three minutes, followed by the resumption of street lighting.

AIR RAID WARDENS
Air Raid Wardens will be on duty and may be recognised by the official A.R.P. badge which they will be wearing. They have been authorised to draw the attention of householders and drivers of all types of vehicles to any lights which do not comply with the Lighting Control Regulations during the period from the sounding of the air raid warning sirens to the "raiders passed" signal. Should any individuals fail to comply with the requests of the Air Raid Wardens in regard to the Lighting Restrictions within five minutes of his or her attention being drawn to any failure to observe the regulations, the name and address of the offender will be taken and a report of the circumstances rendered to the Director of Air Raid Precautions.

The Honourable Commissioner of Police has issued similar instructions to all Police Officers.

PEDESTRIANS
The roadways must be kept clear of all pedestrian traffic so as to enable Essential Services, etc., to proceed through the darkened streets with the least possible element of danger both to themselves and to the community.

EXERCISES
Certain A.R.P. sections of the Medical, Decontamination, Fire Brigade, Police, Air Raid Wardens and Communication Services will be exercised. In addition aircraft and searchlights will operate during certain periods of the black-out.

Charge Under Defence Regulations

ALLEGED FOREIGN CURRENCY DEAL

A second case of alleged breach of the Defence Regulations since they were instituted in the Colony at the beginning of this month, was heard when two men appeared before Mr. R. Edwards, at the Central Court yesterday.

The defendants were Wong, Hing-cheung, 30, master of the Fook Sing Chong firm of No. 41, Hing Loong Street, and Kundan Kodumal Lalchandani.

20,000 YEN
Wong was charged with (1) without permission being granted by, or on behalf of, His Excellency the Governor, and being a person other than an authorised dealer, buying foreign currency, namely 20,000 yen, from Messrs. O. K. Jittimall Watumall Ltd. on September 15, and (2) borrowing the sum of 20,000 yen.

Lalchandani was charged on two counts of selling and lending the money to Wong.

Inspector Hopkins, who is in charge of the prosecution, requested, and was granted, a remand of seven days. Bail in \$500 each was allowed.

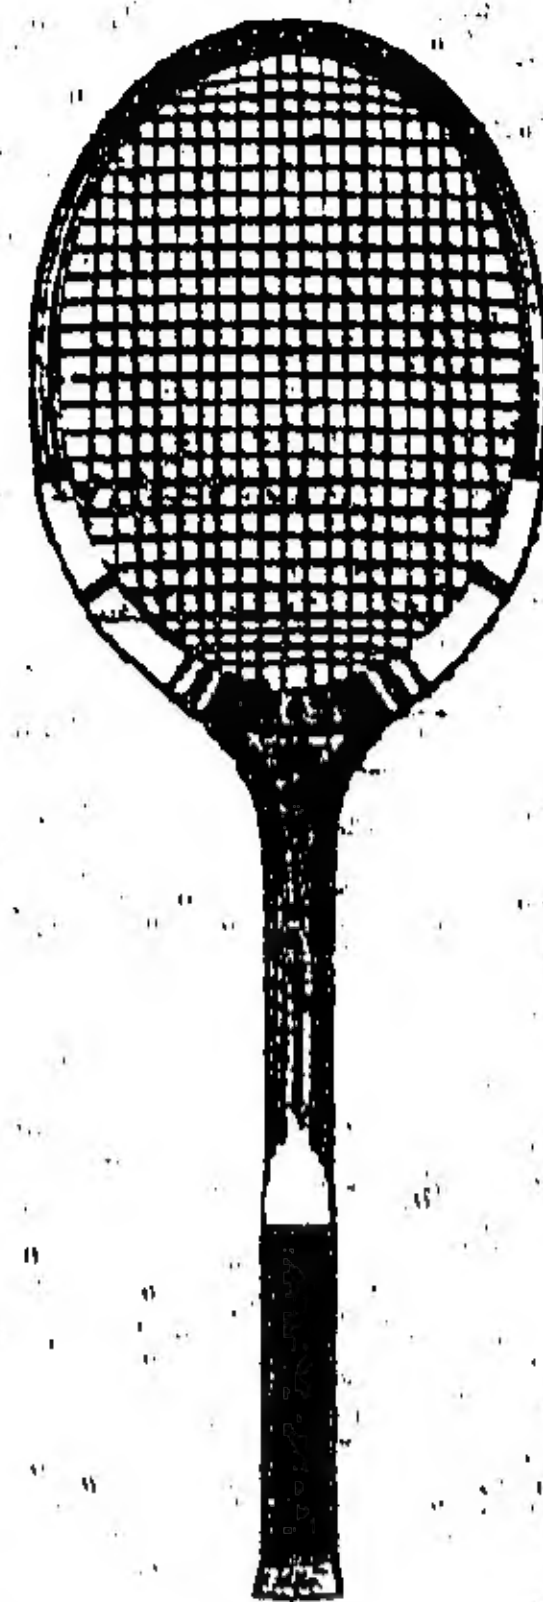

BORDER QUIET

The situation along the New Territories border remains quiet, according to the military authorities, who estimate that there are at present not more than 2,000 Japanese troops between Namtau and Shatankok.

Further evidence was heard at the Central Court yesterday at the resumed hearing of the inquest into the death of a boy who was hit by a piece of gutter piping which fell from No. 66, Calne Road. The inquest was adjourned until Thursday.

HONGKONG, SEPTEMBER 19, 1939

AMERICAN POLICY

THE UNITED STATES is the strongest and the richest of the Democracies. Therefore, the internal politics of the United States, where they concern the neutrality or participation of the country in the war in Europe, are of concern to the entire world.

TO DETERMINE whether America is likely to enter the war, it is necessary to analyse the main lines of her national policy and the interests that lie behind it.

TO MAINTAIN ITSELF against military attack the United States had, until recently, only one basic principle—to prevent the rise of a rival power on the American continent. This principle was embodied in the Monroe Doctrine, which declared that any attempt by non-American countries to establish their power on any part of the American continent would be regarded as a threat to the United States. So far as the rest of the world was concerned, the Atlantic and Pacific Oceans were ample defence. Nothing that happened in Europe or Asia was of sufficiently vital importance to the United States to warrant "entangling alliances" which might lead the country into war.

WITH THE ADVANCE of science and in particular the science of warfare, the two oceans flanking the Americas were no longer enough protection in themselves, and a new principle—actual though never clearly expressed—was added to the old one. No one Power could be allowed to dominate either the continent of Europe or the continent of Asia. During the twentieth century the hypothetical enemies of the United States have clearly become Germany and Japan.

ECONOMICALLY, the United States is interested in first of all dominating the markets of the Americas. Moreover, it seeks free trade with, and free investment in, Europe, and the assurance of participation in the great potential markets of the Far East. Formerly its chief trade rival in South and Central America was Great Britain. More lately, the Axis powers have taken a hand—and the military and economic challenges to America have come from the same quarter and, moreover, brought the battle to her own doorstep.

NOW THAT BRITAIN AND FRANCE are at war with Germany in Europe, it is doubtful whether sentiment in the United States can be whipped up to a sufficient extent to plunge the country into war. Ample economic and moral support will, however, be given to the Allies, and, in case of necessity, the army may follow trade. It is in the Far East, that America will utilise its strategic power backed by negative, rather than positive, economic action. The main body of her Fleet is concentrated in the Pacific. And her reiterated opposition to Japanese expansion, backed by the denunciation of the Trade Treaty of 1911, show why the Fleet is there. It is indicative of the seriousness with which Tokyo regards the power of the United States in the Pacific that, while giving Britain the most cavalier treatment, Japan has labour-

Copenhagen Parleys

PURPOSE OF TALKS NOT REVEALED

COPENHAGEN, Sept. 18 (Reuter).—A meeting of the Prime Ministers and Foreign Ministers of the four northern States—Denmark, Norway, Sweden and Finland—will be held in Copenhagen to-day.

Although the precise purpose of the meeting has not been revealed, it is recalled that during the Great War similar meetings were held, though then Finland was not present as a country, nor as a sovereign State.

The meeting has been wrongly described in Germany as a meeting of the Oslo States.

CHINESE RAIDS NEAR CANTON

AN UNDISCLOSED PLACE, NORTH KWANGTUNG, Sept. 18 (Central).—A daring raid on the bogus Peace Maintenance Committee office at Yat Teh Road, Canton, by a party of Chinese plain clothes men last Friday night was revealed by a Canton message.

The puppet committee men were rudely awakened from their slumber during the attack and fled in all directions, it is stated.

Japanese garrison soldiers rushed there on hearing the alarm and fired several blind shots. They also placed several innocent civilians under arrest.

While the bogus Peace Maintenance Committee was being attacked, another party of Chinese plain clothes men raided the Japanese barracks at the former Land Bureau at Shaho in the eastern outskirts. Brisk rifle firing was audible from there throughout the night, indicating severe fighting.

UNWROUGHT TIN TRANSACTIONS PROHIBITED

SINGAPORE, Sept. 18 (Reuter).—In connection with the Defence Regulations, an Official Government Gazette announcement states: "No person shall buy, or sell, or agree to offer, or invite an offer, to buy or sell, any unwrought tin in blocks, ingots, bars or slabs at prices exceeding parity in Malayan currency of \$230 per ton on the usual terms (i.e. F. O. B. Malayan ports) for delivery from works in Singapore and Penang."

Under the sponsorship of Madame Chiang Kai-shek, First Lady of China, a campaign for 500,000 winter suits for Chinese soldiers fighting at the front has been launched. Madame Chiang has telegraphically requested the wives of the Governors of various provinces and women organisations at home and abroad to assist in the campaign.

ed in and out of season to curvy American favour.

ALL INDICATIONS at the present moment are that American policy will continue to proceed on the lines it has so far been following and that, simultaneously, the United States will take advantage of the pre-occupation of the European powers with their war to consolidate her economic, political and military hegemony in the two Americas.

THE AGENDA of the coming Pan-American Conference amply corroborates this supposition. Its three main points, announced after the outbreak of the European War, are:

1. Maintenance of the neutrality of the Americas;
2. Measures to strengthen the joint military defence of the American countries;
3. Measures to defend economic interests against the effects of external currencies.

CORRESPONDENCE

OPIUM CONTROL IN MACAO

[To the Editor of the "Hongkong Daily Press"]

Sir,—Two anonymous correspondents have availed themselves of your columns to voice their disapproval of the system of opium control in Macao by the government. They have made no reasonable assertions whatsoever, except to say that the Macao opium administration had signified its readiness to curtail opium sales within its territory, but that, up to the present, they have gathered no information on the subject in question.

The truth is that you, Sir, have permitted the use of your columns to individuals to air their personal grievances and prejudices under the cover of anonymity.

As you may be aware, Sir, the Portuguese Government is bound by agreement with other signatories of the League of Nations and, as such, its responsibilities on the question of opium control, etc., rest entirely within the framework of the Opium Advisory Committee of the League of Nations.

In the circumstances, your correspondents have obviously failed to enlighten the public at large as to their prime motives and intentions. Statements backed by concise facts, and not random jottings of altruistic individuals, should then only be deserving of your valuable space and the public's serious consideration.

Apologizing for this intrusion.

N. A. DA ROZA

MACAO OPIUM FRANCHISE

(To the Editor, Hongkong Daily Press)

Sir,—The "Acting Portuguese Consul is perhaps more than correct" when he replied to your article concerning the Macao opium franchise, saying that it is unlikely that the franchise will be renewed.

My information is that the opium monopoly as it is at present operated in Macao is quite different to what it was. There is no tendering and competition as it is generally understood.

What the Macao Government does, apparently, is to appoint a commissioner or inspector to look after the monopoly sales of opium. This appointment is made every few years, and the appointee is the nominee of the group which can guarantee the highest basic annual return in revenue to the Government.

HONGKONG STOCK MARKET

(To the Editor, Hongkong Daily Press)

Sir,—Now that Ice House Street appears to be looking up, is it not time for the brokers to improve trading conditions in the market and try to banish some of the disorganised methods that have always deterred the careful investor?

I refer particularly to the curious state of affairs in the Hongkong stock market by which an investor who wishes to purchase shares often cannot have his order fulfilled at market rates or close to market rates, while a person who wishes to sell likewise "cannot dispose of his holdings."

It is admitted that the scope of the Hongkong market is small, but surely the brokers and the banks can get together and devise some means for protecting the investor. Incidentally, the brokers will also be protecting themselves, for then an investor who may wish to sell out to cut a small loss will not be forced to suffer a big loss. This has led to many failures to fulfil contractual obligations, with consequent loss to the broker.

Secondly, some brokers have been asking their customers to pay margin on their purchases and sales. Business done on the margin basis is certainly the best thing that can be imagined, but what guarantee has a local investor that the money he pays for margin to his broker is safe? I do not think it can be denied that there are few brokers in Ice House Street to-day who can be said to be financially sound.

This is a matter which the brokers themselves, in concert with the banks and the government, can remedy.

I understand there was recently a movement to form a central clearing house, to which all margin payments were to be made. What has become of the scheme, and why was it not proceeded with?

If brokers here desire business, they must first arrange their own house in order.

China's Incontrovertible Policy Of Resistance Is Emphasized By Chiang

CHUNGKING, Sept. 18 (Central).—A fully packed house heard Generalissimo Chiang Kai-shek interpreting the European war situation in relation to China's war of resistance and her incontrovertible policy, in a momentous address before the fourth plenary session of the Political Council on September 9.

The outbreak of the European war gave added impetus to the Chinese spirit of resistance, Generalissimo declared. They now realise that they are destined for a greater part in world peace and construction, and that their victory will give greater contribution to the making of a new world in a great age.

Regarding the centralization of talent and hastening of national reconstruction, Generalissimo Chiang said, efforts have been centred in the re-building of Szechwan and Sikang, which are the nucleus of North-West and South-West reconstruction. He referred to the recent investigation groups sent by the Council to study conditions in these two provinces and assured his audience that whatever suggestions they may make will receive the careful consideration of the Government.

Militarily, the Generalissimo reviewed the war situation on the various fronts during the last six months since the Council held its last plenary session. In the half year period the only Japanese gain was Nanchang, while on the other hand the enemy has lost heavily on other places, for example in Shansi and north Hopen.

MILITARY STRENGTH

Generalissimo Chiang said he was able to report that China's present military strength was more than doubled as compared with that at the beginning of the war. Ample reserves are moreover now available for the replenishment of supplies.

The Generalissimo warned that the steadily weakened position of the Japanese does not mean that China's future course would be easy sailing.

On the contrary, more difficulties and dangers are envisaged if the Chinese army is to break through the last Japanese efforts. This behoves of all of us to do our best to strengthen our military, political and economic positions in order to prepare ourselves for the last burden of the race.

CHINA'S ENEMY

Generalissimo Chiang in the concluding part of his address manoeuvring of Japanese puppet-managers and stated that their designs are doomed to miserable failure.

China's enemy, he pointed out, is Japan, and anybody under the order and direction of Japan will be deemed as Japanese slaves no longer enjoying Chinese nationality. Hundreds of puppet governments may appear and disappear, and hundreds of spurious treaties may be made and unmade, but they will not affect a iota of China's resistance.

RUSSIAN RIDDLE

Continued From Page 1

with the offer of two Polish provinces at no immediate cost.

Germany was to commit the murder, and Russia was to share the estate.

Some of the blackest chapters in European history record early experiments in this type of crime by the same partners, but as the Poles will know the fate of their country will not be decided in Poland but elsewhere. They have been ready to lose their lives for their country and will assuredly be helped to save it.

ALLIED SOLIDARITY

The briefest reflection will display the intricacies as well as the insincerities of the game now being played by Russia and they will leave no scratch or dint upon allied solidarity.

Public opinion in Britain is revolted though not dismayed by these cynical exercises in lower diplomacy. Its reinforcement is to be able to distinguish friends from enemies of the aim for which the allies will wage this war to its end and their enemies are the weaker for having ranged themselves together in a recognisable identity of species.

Defeat and compromise are out of reckoning. The war will end with the extinction of Hitlerism and with that only.

NO OFFICIAL REACTION

LONDON, Sept. 18 (Reuter).—Reuter's diplomatic correspondent understands no official reaction to the latest developments in the international situation is likely to be forthcoming until the Government has received full information of all the circumstances of the Russian advance into Poland and has had the opportunity of discussing the situation with the French and Polish Governments.

The situation is developing so rapidly that a clearer perspective should soon be possible.

FIRE AT OIL FILLING STATION

A small quantity of petrol was destroyed when a fire broke out at the Texaco Oil Filling Station in Morrison Hill Road, about 7 o'clock last night.

It is not quite clear how the fire originated, but it appears that some of the petrol vapour was ignited by the flame of an open lamp on a tricycle, which was passing at the time.

There was a sudden explosion and the petrol was found to be in flames. The Brigade was immediately summoned, and the Oil Station's own fire extinguishers were soon brought into play. The flames were partly subdued by the time the Brigade arrived, and the firemen soon had the flames extinguished.

ETHEL M. DELL DEAD

LONDON, Sept. 18 (Reuter).—The death occurred to-day of Ethel M. Dell, the famous novelist.

[She was the author of "The Way of an Eagle", published in 1912, and several other noteworthy novels, including "The Keeper of the Door." She married, in 1922, Lt.-Col. Gerald Savage, D.S.O., who served in India with the Army Service Corps.]

RUSSIAN INVASION OF POLAND A DIRECT ACT OF AGGRESSION AND VIOLATION OF MORAL PRINCIPLES

Britain's Pledges To Poles Will Be Kept

Whole Position Rendered Most Obscure

LONDON, Sept. 18 (Reuter)—The Polish Embassy, in a statement condemning the Russian invasion of Poland as a flagrant and direct act of aggression, says that the Soviet has flagrantly violated the Polish-Russian Pact of Non-Aggression concluded on July 25, 1932, which, by a protocol signed in Moscow on May 5, 1934, was prolonged until December 31, 1945.

The statement adds that by the Convention concluded in London on July 3, 1933, Soviet-Russia and Poland agreed to a definition of aggression. This definition clearly stamped as an act of aggression any encroachment on the territory of one of the contracting parties by the armed forces of the other.

WANTON AGGRESSION
Furthermore it specially stated that no consideration of political, military, economic or any other nature could, in any circumstances, serve as a pretext or excuse for committing an act of aggression.

Thereby an act of wanton aggression was committed this morning. The Soviet stands self-condemned as the violator of its international obligations, thus contradicting all moral principles on which Soviet-Russia has pretended to base her foreign policy since her admittance to the League of Nations.

LONDON, Sept. 18 (Reuter)—The Soviet invasion of Poland has not greatly surprised the British, French and American Governments.

Mr. Neville Chamberlain, Prime Minister, and Lord Halifax, Foreign Minister, had a lengthy consultation yesterday.

POLISH EMBASSY STATEMENT

LONDON, Sept. 18 (Reuter)—The Polish Embassy in London today issued a statement on the Russian invasion of Poland.

The statement said: "The pretext of the Soviet advances in an attempt to justify its aggression is that the Polish Government has ceased to act and has abandoned Poland, thus leaving the population without protection."

"The Polish Government cannot allow that this pretext justifies the violation of Poland. The Government of Poland, the President and the Parliament exist on Polish soil and are carrying on the war with all their power."

"Soviet aggression violates pacts made with Poland during the last few years."

BRIEF SUMMARY

Only a brief summary of the events leading up to the invasion of Poland by Soviet troops has been sent to London by the British Ambassador in Moscow, Sir William Seeds.

The Foreign Secretary, Lord Halifax, has been in consultation with various officials throughout the day and the situation is being fully examined between Britain, France and Poland.

GREAT BRITAIN'S POSITION

LONDON, Sept. 18 (Reuter)—Representatives in Moscow of Britain, France, Germany, Italy and Japan were yesterday handed a note amplifying the neutrality statement of the Soviet Foreign Minister, M. Molotov.

The position of Great Britain in view of the guarantee to come to Poland's assistance now needs clarifying. The whole position is obscure and British reaction is expected to be made clear immediately.

BRITAIN'S PLEDGE

Mr. Arthur Greenwood, Deputy Leader of the Opposition in the House of Commons, told "Reuter" that the "world will be shocked to learn that Soviet Russia has invaded Poland."

"The reason so far disclosed appears to me to be completely inadequate, and without any justification. Repercussions to this action cannot yet be foreseen and speculation is futile."

"One thing, however, is certain, that whatever may happen, Britain's pledge to Poland will be honoured. Polish freedom is the symbol of all the hopes we cherish—the final overthrow of tyranny and liberation of the forces of democracy and freedom."

WESTERN FRONT

Nazi Forces Reinforced

SHOCK ATTACKS BY GERMANS

PARIS, Sept. 18 (Reuter)—A FRENCH COMMUNIQUE ISSUED YESTERDAY MORNING CONFIRMS THE ARRIVAL ON THE WESTERN FRONT OF FURTHER GERMAN AEROPLANES AND FIELD FORCES.

At the end of the day, it says, the enemy attacked at two points east of Moselle and towards the centre of the front between Saar and Vosges. Both attacks were repulsed.

SHOCK ATTACKS

In Berlin, the Nazis claim that the French suffered considerable casualties in shock attacks in the Zweibrücken region in the Palatinate.

This was the first indication that French troops had been engaged in this area.

The Nazi communiqué adds that no air attacks were made on German territory.

PURELY EXPLORATORY

PARIS, Sept. 18 (Reuter)—A Ministry of Information statement says that operations on the Western Front so far have been purely exploratory and no major battles have yet taken place.

The Germans attacked east of the Luxembourg frontier, near Perl, in Nazi territory, but were driven back.

DEATH PENALTY WARNING

PARIS, Sept. 18 (Reuter)—The warning that any person guilty of the action of tending to facilitate war contraband would immediately appear before the War Council and was liable to the death penalty was reiterated by the Naval Commander of Marseilles who called on all shipping companies, exporters and ship brokers to help him seize any cargo destined for the enemy.

pen, Britain's pledge to Poland will be honoured. Polish freedom is the symbol of all the hopes we cherish—the final overthrow of tyranny and liberation of the forces of democracy and freedom.

"If Poland should temporarily be crushed, she will rise again in her new glory, typifying conquest over dictatorship and the establishment of permanent freedom in the world."

FRENCH REACTION

PARIS, Sept. 18 (Reuter)—The entry of Soviet troops into Polish territory has caused no real surprise in political circles here.

It is pointed out that, despite the efforts of German propaganda, there is nothing to prove that the Soviet move has been made in agreement with the Reich, or indicates that Soviet Russia is entering the war on the side of Germany.

MOSCOW EMBASSY

MOSCOW, Sept. 18 (Reuter)—The Polish Embassy in Moscow is still in contact with the Soviet Government. The Embassy denies that it is closing down.

RUMANIA ASSURED

BUCHAREST, Sept. 18 (Reuter)—The Soviet Minister to Rumania last night informed the Rumanian Foreign Office that Russia would respect Rumanian territorial integrity.

CHINA WAR NEWS:

N. KIANGSI LULL BROKEN: CHINESE RETAIN POSITION IN VIOLENT ENGAGEMENT

CHANGSHU, KIANGSI, SEPT. 18 (CENTRAL)—THE LULL ON THE NORTH KIANGSI FRONT HAS BEEN BROKEN AS MORE THAN 1,000 JAPANESE TROOPS HAVE LAUNCHED A FRESH DRIVE BETWEEN FENGSHIN AND KAOAN, SOUTHWEST OF NANCHANG.

Violent engagements are reported to be still in progress at points south of Fengshin and north of Kaoan. Fighting against great odds, the Chinese have tenaciously held their ground.

CHINESE ATTACK

Japanese guns along the north bank of the Chin River have heavily pounded at the Chinese positions on the south bank during the last two days.

A lone Japanese plane yesterday reconnoitred over the south bank for a long while, following which it released five missiles.

HUNAN FRONT

Meanwhile, on the North Hunan front the Japanese have made several attempts to land on the south bank of the Yangtze during the last few days, presaging fresh operations there shortly.

Several hundred Japanese troops covered by an artillery barrage, made another attempt to land at Sinchokow yesterday. They encountered stiff Chinese resistance.

Simultaneous with the attempted landing, four Japanese war vessels steamed west of Sinchokow and shelled the Chinese positions at Sanchichiao, about one mile from Sinchokow.

Chinese troops are reported to have pierced into Yangchow, 37 miles northeast of Yoyang, last Friday night. The Japanese have retreated to a point nearby where they are being subjected to an enveloping attack by the Chinese.

NANLO RECAPTURED

CHENGCHOW, SEPT. 18 (CENTRAL)—A belated report reveals the Chinese recapture of Nanlo, in south Hoped, on Sept. 7.

The Chinese launched a fierce attack and succeeded in breaking into the town by scaling its walls. The Japanese retreated in the direction of Taming, in the north.

Following up with the success, the Chinese pushed north and encircled the retreating Japanese at Lungwangmiao.

FIGHTING RENEWED

SHUHING, SEPT. 18 (CENTRAL)—Fighting has started afresh along the Sunwu-Hoping and Sunwu-Hokshan highways as the Japanese opened new attacks on the Chinese positions with about 1,000 infantry, assisted by the use of gas bombs, on the evening of September 8.

The defenders gave stout resistance, frustrating many Japanese attempts to storm their machine-gun posts.

Indian Poet And Unity In Asia: Closer Relations With China

CHUNGKING, SEPT. 18 (CENTRAL)—MR. JAWAHARLAL NEHRU'S TOUR OUTSIDE INDIA HAS BEEN CHARGED WITH A MORE IMPORTANT MISSION BY THE FAMOUS INDIAN POET, RABINDRANATH TAGORE, THAN THAT OF BRINGING ABOUT CLOSER RELATIONS BETWEEN INDIA AND CHINA.

In a letter to Mr. Nehru received on the eve of his departure for China, the poet asked Mr. Nehru to visit Japan to ward her not to betray the basis of her civilization.

The poet's letter to Mr. Nehru reads:

"My warmest good wishes are with you in your mission of good neighbourliness to China. I feel proud that the new spirit of Asia will be represented through you and our best traditions of Indian humanity find their voice during your contacts with the people of China."

ASIATIC TRADITION

"My tour in the Far East has convinced me that in the main our people have maintained an Asiatic tradition of cultural interchange: we have not fought with each other in the name of hungry nationalism as the western countries have been doing in Europe. Japanese aggression, therefore, seems to me essentially a case of borrowed paganism which I feel sure has not touched the deep heart of their people."

"Let Japan take warning not to betray the basis of her civilization which she shares with China and with us in India, far greater than the fearful hurt she is inflicting on China would be the inevitable wrecking of her own humanity which her militarists seem determined to achieve."

MORAL CONSCIENCE

"I would request you to include Japan in your itinerary: India will be with you in your appeal to Asia which Japan cannot afford to kill in a mania of spiritual suicide. The pathway which led from India to her great neighbours in the east is now partly closed through centuries of neglect: we have to remove the weeds, and also the recent erected barriers by racial and political politics so that once more the traffic of human interchange can continue, linking our country with Japan and China."

SIEGFRIED LINE BEFORE & AFTER BOMBARDMENT

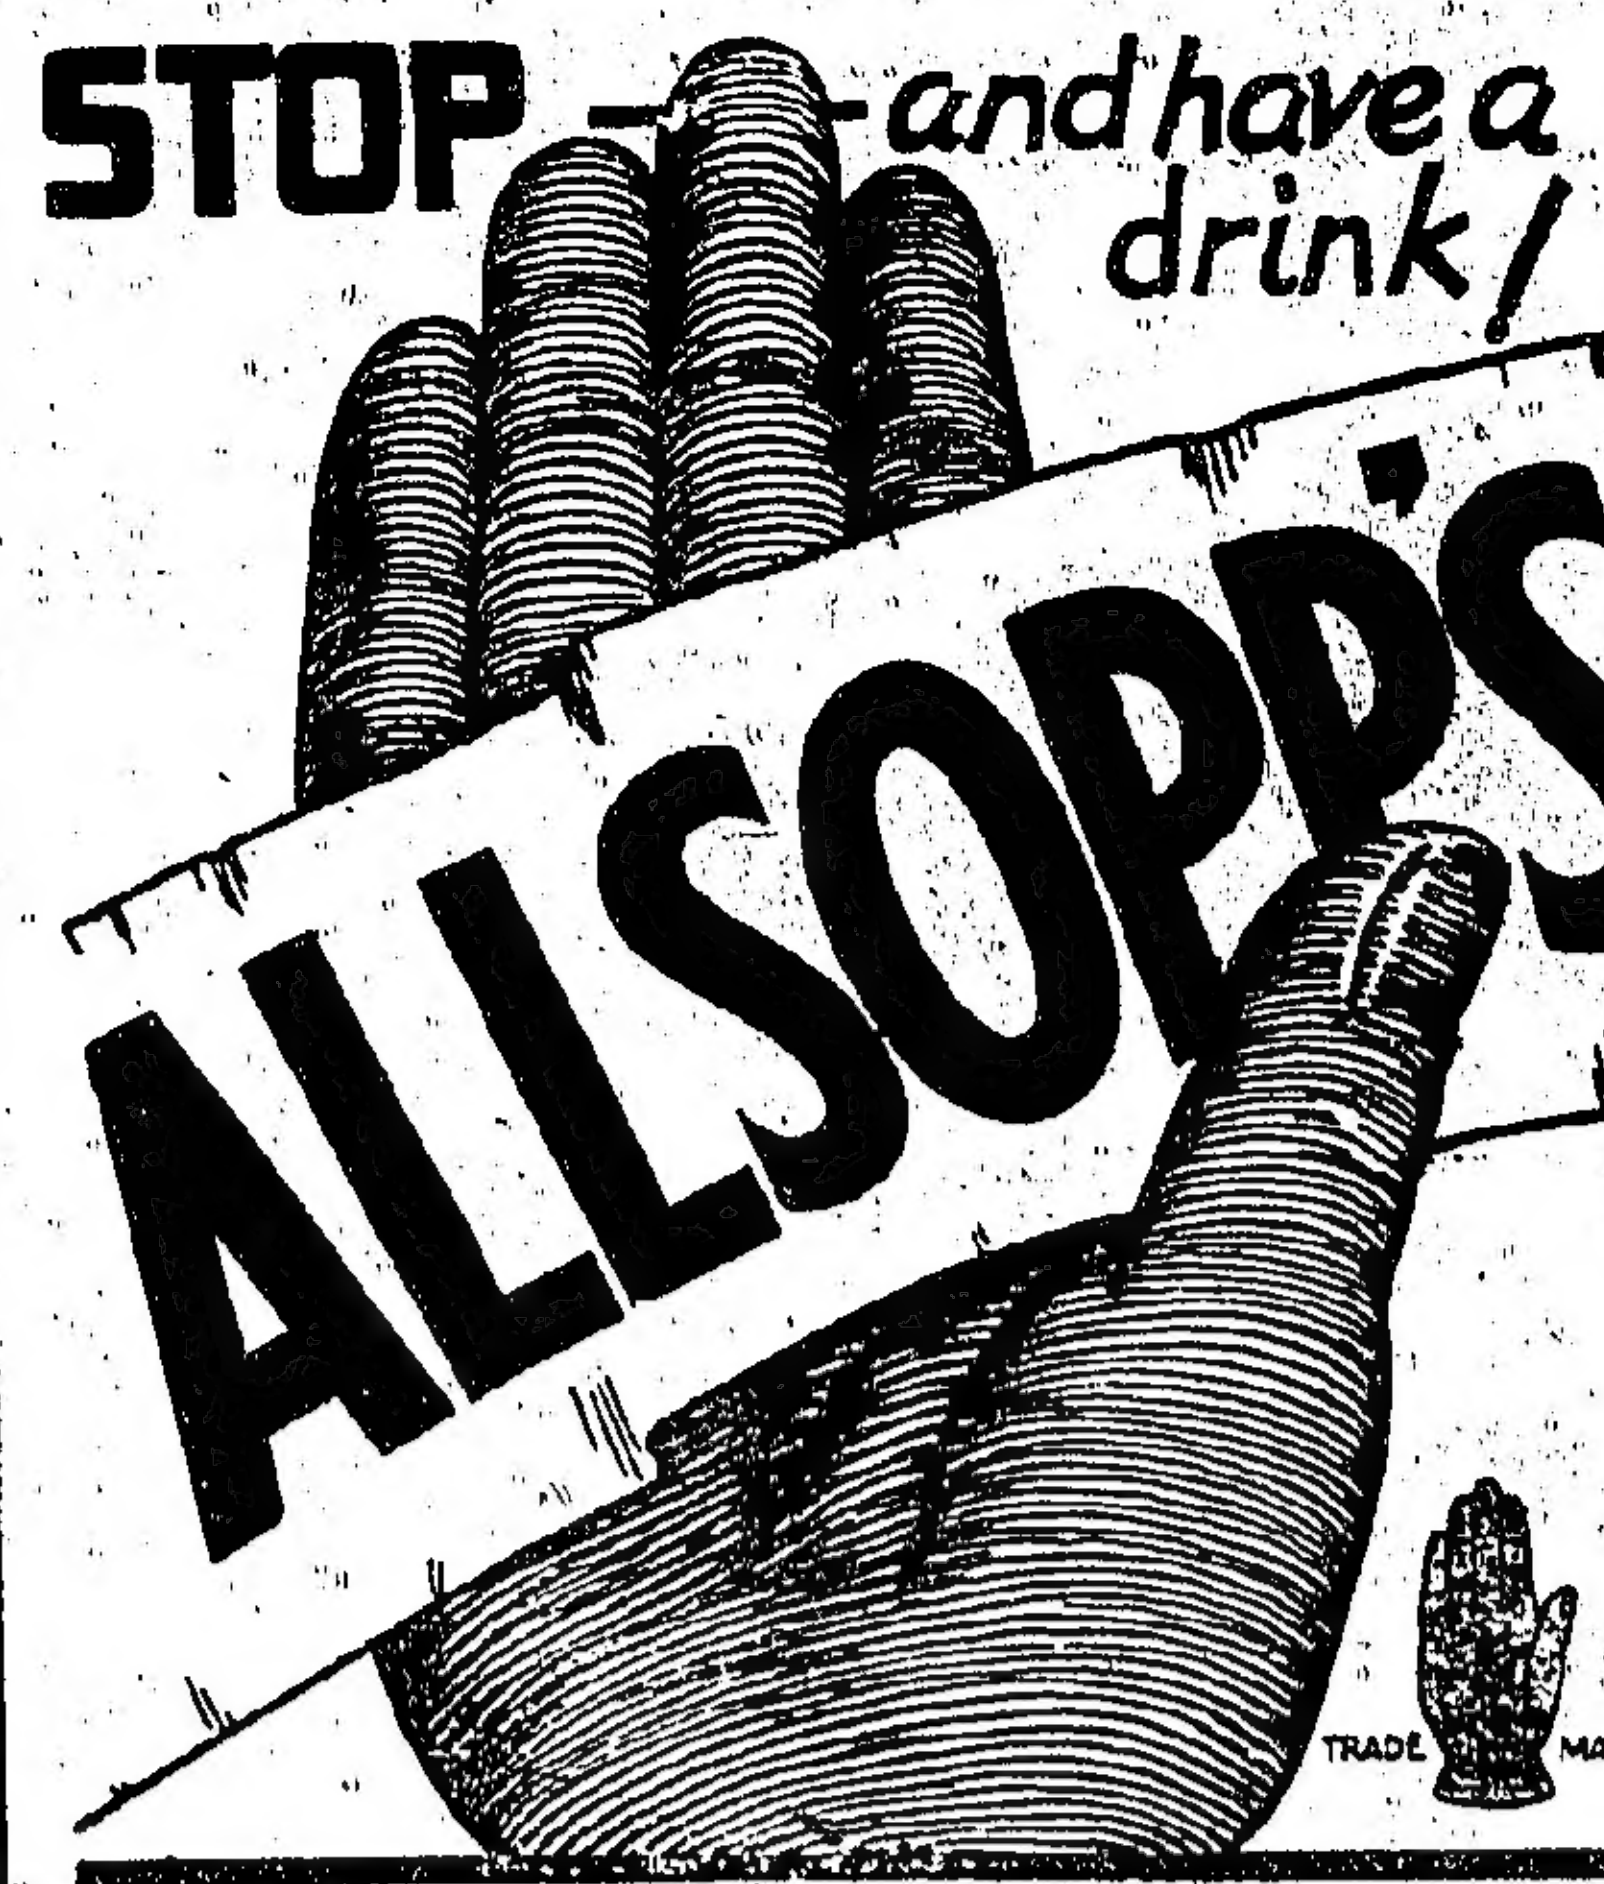

PARIS, Sept. 18 (Reuter)—The results of the shelling of the Siegfried Line, shown by aerial photographs taken before and after the bombardment, are most satisfactory and confirm the reports that many of the fortifications were constructed hurriedly from inferior concrete.

India's great awakening had crossed deserts and mountains, the overflow of her glorious epoch of culture touched far continents and left permanent deposits in distant shores of Asia.

PROFOUNDLY MOVED

"In my visit to China and Japan, and to Siam, Java and Bali, I felt profoundly moved to find how the communion of our cultures had persisted even up to our own days and I can not help hoping that as a messenger from India's youth you would give strength to the historic forces of Asiatic unity, bringing new life to our neighbourly understanding to our eastern peoples."

"India herself is passing through an eclipse when her own reality is lost to her in a haze of parochial politics, sectarianism, and domestic contention. Contact with a greater world of Eastern culture will, I fervently hope, help in removing her obsessions and enliven her national existence with a new humanity."

DRAMATIC ADVANCE BY SOVIET

40 Miles Into Poland

MEETING WITH NAZI TROOPS

LONDON, SEPT. 18 (REUTER)—SOVIET TROOPS HAVE NOW ADVANCED 40 MILES INTO POLAND, ALONG THE WHOLE OF POLAND'S EASTERN FRONTIER.

THERE IS, HOWEVER, NO RELIABLE INFORMATION AS TO THE EXTENT OF THE ADVANCE.

The Polish Legation at Bern says that it has received a radio message announcing Polish resistance west of Minsk.

THREE DRIVES

The Russians are apparently carrying out three drives against Vilno Province, the most northerly Polish province; and two more drives south of this district along the railways.

The Soviet advance was started with dramatic suddenness two hours after the Polish Envoy in Moscow had been handed the Russian note.

POLISH PLANES SAFE

Belgium Gets Ready For All Emergencies

FURTHER RESERVES MOBILIZED

BRUSSELS, SEPT. 18 (Reuter)—The Belgian Defence Minister has issued orders for the mobilization of further reserves and ration cards have been sent to the local Government authorities.

The Belgian Ministry of Information says that it is not intended to ration food, but the Government is preparing for any emergency that might affect the distribution of food. Ration cards will be distributed to the population in a few weeks.

NAZI FLEET DEFTED

LONDON, SEPT. 18 (Reuter)—The British collier Bramhill, which first came into the public eye during the Spanish War, when, under the command of Capt. "Potato" Jones, she ran the Franco blockade, has run the gauntlet of the German Fleet and minefields in the Baltic.

The Bramhill arrived at her home port yesterday with a cargo of wood-pulp for some paper mills. Capt. Parker, who was first made under Capt. Jones, refused to reveal the port from which the Bramhill had left. The crew were equally uncommunicative, though one of the men said: "It was an exciting voyage."

POLISH GOVERNMENT EVACUATES WARSAW: SURRENDER OF CAPITAL DEMANDED BY NAZIS

BERLIN, SEPT. 18 (REUTER)—THE GERMAN OFFICIAL NEWS AGENCY REPORTS THAT THE MILITARY COMMANDER IN WARSAW, after yesterday refusing to receive a German officer with a flag of truce, yesterday sent a message by wireless asking the High Command of the German army to receive a Polish intermediary.

"The German command communicated to the commander in Warsaw its willingness to do so."

COL. JOSEF BECK IN RUMANIA

BUCHAREST, SEPT. 18 (Reuter)—Col. Josef Beck, the Polish Foreign Minister, has arrived in Rumania by road.

Polish Foreign Office officials arrived in Rumania in buses, cars and wagons. Many of the cars only had enough petrol to get them over the frontier.

The whereabouts of other Polish leaders is unknown.

The last seat of the Polish Government was heavily bombed just as foreign diplomats were leaving yesterday morning.

BRITISH ENVOY

Sir Howard Kennard, British Ambassador to Poland, and M. Noel, French Ambassador, are now in Rumania.

TASK BEFORE GERMAN AND SOVIET TROOPS

BERLIN, SEPT. 18 (Reuter)—The task before German and Soviet troops in Poland is to compromise in the re-establishment of order and peace, destroyed by the disintegration of the Polish State, and assistance to the Polish population in reorganising conditions in their State, declares an official statement issued by the German news agency.

The statement adds that the German and Soviet Governments declare that the action of these troops are not connected with any aims contrary to the spirit of the German-Soviet Non-Aggression Pact.

HIGHER COMMAND ONAOS

COPENHAGEN, SEPT. 18 (Reuter)—A telegram from Riga to the "Berlingske Tidende" reports that Gen. Sikowski, a friend of Marshal Pilsudski, attempted to establish a military dictatorship in Warsaw yesterday.

The report adds that the attempt was frustrated by Marshal Smigly-Rydz but now that the Polish Government has fled there is complete chaos in the Higher Command.

Drug Traffic Ringleader Sentenced

GIRLS AMONG ACCUSED

Eight persons out of nine, including a woman and three girls, who were charged at the Criminal Sessions yesterday with unlawful possession of dangerous drugs, were sentenced to prison by the Chief Justice, Sir Atholl Murray.

In the first case, in which Mr. John Whyatt, Crown Counsel, prosecuted, Tsang Lan, the woman, Wong Sau, Choi Yu, Ng Nui, the three girls, and two men, Chung Yip-lung and Chung Yuk-ki, were charged with possession of 239,300 heroin pills and 408 ounces of pink mass at No. 64 Caine Road, ground floor, on July 25.

The following jury heard the case:—Messrs. J. E. Anderson (foreman), L. B. Gomes, H. G. Steward, H. L. Gooley, O. el Arculli, L. Budagian and T. F. Bradford.

Mr. Ingis Hosang, instructed by Mr. Alfred Y. Hon, defended fifth and sixth accused. It was Mr. Hosang's first appearance in a criminal case since his admission to practise at the Hongkong Bar.

The case was of unusual interest, said Mr. Whyatt, because the Revenue officers not only succeeded in arresting persons who were encouraged into making the pills but also some of those who directed and controlled the nefarious traffic.

CROWN ALLEGATION

Counsel said that the Crown alleged that the second, third and fourth defendants were engaged in making the pills under the direction of the first accused and directed and controlled by the fifth and sixth, who rented the premises.

After evidence of the raid and arrests had been given Mrs. Fattydad, a house broker, testified that she was introduced in July at the China Realty Company to the fifth and sixth defendants, whom she took to No. 64 Caine Road. They rented the ground floor at \$120 per month.

Chu Hang, watchman employed on the premises, said that he saw all the defendants coming in and going out of the premises practically every day.

DID NOT REMEMBER

Cross-examined by Mr. Hosang, witness at first said that he did not remember if an old man also lived off the ground floor, but later admitted that he had said at the Magistrate's hearing that he saw an old man staying on the premises. He did not, however, remember when the old man moved in.

In answer to a further question, he said he saw fifth and sixth defendants going in and out daily, but questioned on specific dates said he could not remember clearly when he saw them.

After a short retirement, the jury found the first five accused guilty. Sixth defendant was found not guilty and was discharged.

His Lordship sentenced first accused to three years' hard labour and the three girls to two years with the Salvation Army. Fifth defendant was sentenced to five years' hard labour, the Chief Justice observing that the evidence showed that he was a ringleader in the traffic. His Lordship denounced fifth accused's employment of young girls in the course of the abominable trade.

YAU MATI RAID

In the second case, Cheung Kwok was charged with possession of 7,700 heroin pills and 428 ounces of pink mass at No. 25 Parkes Street, second floor, Yau-mati, on August 21.

Mr. Whyatt also conducted the prosecution, and the following jury was empanelled:—Messrs. G. H. Stewart, (foreman), A. R. Tavares, W. G. Calder, R. G. Castleton, Lee Shui-kai, C. A. de J. V. Ribeiro and Fung Shan-pok.

Another man charged in connection with the same offence, The Pul, pleaded guilty, and was sentenced to four years' hard labour. He had three previous convictions.

Cheung Kwok, upon being found guilty, was sentenced to three years' hard labour.

Lan Yee, who pleaded guilty to another charge of possession, was sentenced to 18 months' hard labour. Mr. Whyatt remarked the Court did not have a police record against the man, who was thought to be just a carrier.

NEW HOSPITAL

Infantile Paralysis
Treatment

Sir Alexander Maclean has given
£100,000 to the Lord Mayor
Trelor Cripples' Hospital for the
construction of a new seaside
branch of the hospital at Sandy
Point, Hayling Island, Hants.

Accompanied by Sir Henry
Gauvain, Medical Superintendent
of the Hospital, he recently visited
America to study hydrotherapeutic
treatment—under-water gymnastics
—for infantile paralysis and other
crippling conditions. He was so
impressed with this method of
treatment that he determined that
sufferers in this country should
have similar facilities, and the new
Marine Hospital, as it is to be called,
will be specially and fully
equipped for the purpose.

FOR 120 PATIENTS

During their visit Sir Alexander
Maclean and Sir Henry Gauvain
had an interview with President
the Roosevelt, who is an enthusiastic
advocate of under-water gymnastics.

It is proposed to build at Hayling
Island a new hospital with
therapeutic pools and sea-water
baths designed on the latest
scientific principles.

Sir Henry Gauvain said:
"It is intended at first to take
children up to 16 years, but it is
hoped later to take people of any
age from all parts of the country."

"As soon as plans are passed an
entirely new building of special
design, to accommodate at first 120
patients, will be begun on what is
undoubtedly the finest site for a
seaside hospital in this country."

"It was selected after an
examination of the whole of the
South Coast. The hospital will
face the sea, and will contain
many new ideas. It will house
more up-to-date appliances for
the treatment of infantile paral-
ysis than can be found anywhere
else."

TREATMENT IN POOLS

"There will be pools in which
patients will do under-water gym-
nastics as part of their cure. They
will be conveyed to the pools in
electric trolleys and lowered into
them by special hydraulic cranes.
Their submerged bodies will then
be treated by specially trained at-
tendants."

"After the under-water treat-
ment they will be given light,
radiant heat and massage treat-
ment and then returned to their
wards."

The present small hospital of 60
beds on Hayling Island will be re-
tained in a slightly modified form.
Patients who are infectious will be
detained there until fit to be taken
into the new hospital.

Sir Alexander Maclean has
made many gifts to hospitals, in-
cluding £10,000 to the Royal Vic-
toria and West Hants Hospital,
Bournemouth, £5,000 for the can-
cer treatment centre at that hos-
pital, £10,000 to the Hampstead
Hospital, and £5,000 to the Letch-
worth Cottage Hospital. He also
financed the first laboratory for
the Empire Rheumatism Council at
St. John's Wood, where he main-
tains three research specialists,
and gave the hall to the Everside
Homes, Castle Lane, Bournemouth.

He has given much assistance to
the Queen Mary's Institute of Dis-
trict Nursing, on the council of
which Lady Maclean serves.

The Shenai Reclamation Com-
mission has marked out a large
tract of wasteland measuring
1,200,000 mow in northern Shenai
capable of accommodating more
than 70,000 refugees to do re-
clamation work. The land com-
prises areas in Kwanghsien, Ichun,
Tungwan and Yachow in Shen-
ai, and Chennung in Kansu. Both
the weather and soil there are
favourable for agriculture.

A control cabin containing gear
levers, throttle levers, steering
wheel, engine instruments, elec-
trical switch gear, &c., is situated
right forward, opening hatches on
both sides of this being fitted to
allow access to deck. In the main
cabin are fitted detachable street-
cher berths, two on the permanent
lower tops and two above these.
Over 6ft. headroom is provided
throughout.

Aft is a large, open, self-drain-
ing cockpit, on either side of
which, slightly abaft of amidships,
is installed the machinery.

WATER-TIGHT

The craft as a whole is divided
into four watertight compart-
ments; all watertight to a reason-
able height above the water level,
so that if the craft is holed it can-
not sink. Each of these water-
tight compartments has a water-
tight self-bailer fitted which
operates when the craft is under
way at a speed of eight knots and
over.

Similar craft were originally de-
signed and constructed to meet the
requirements of the British Air
Ministry to tend aircraft at their
various bases in all parts of the
world.

Extreme seaworthiness to allow
the boat to run whenever marine
tying was possible has been ob-
tained.

A group of ten Japanese war
prisoners, including a geisha,
passed through Shinkwan under
armed escort a few days ago.
They were captured at Hanchow,
Soochow, Tating, and other places
in the eastern war zone and had
been interned at Shanghai,
Kiang, for some time. They were
being transferred to an undisclosed
place in the interior.

Having completed their mission in the wartime capital, General Teng Hsi-hou and Pan Wen-hua, Commissioner and Deputy Commissioner, respectively, of Szechwan and Sikang, returned to Chungking recently by plane. While in Chungking, General Teng and Pan, together with Gen. Wang Chan-shu, Chairman of the Szechwan Provincial Government, called on a number of high Government officials reporting on military and political conditions in the province.

In view of the rising costs of imported raw materials, many local Chinese industries are now seeking ways and means to use Chinese raw materials to meet their industrial requirements. The chemical industry, the paper and office appliance manufacturers, the dyestuff industry, the rubber goods manufacturing industry, the rolled tobacco industry, and the electrical supplies manufacturers are among those which are affected by the current European war in their supplies of raw materials.

SHARE MARKET REVIEW

HONGKONG SHAREBROKERS' ASSOCIATION

Reacting to the enforcement of the currency regulations, resulting in a curtailment of the purchase of foreign securities, the market has been brisk and an increased turnover has been recorded. At the beginning of the week a steady demand for shares resulted in a marked advance in prices. Later, however, profit taking was responsible for a quieter market and some recession in prices.

H.K. Docks continued in steady demand bringing the price from \$16 to \$19 1/2 but later, on an easier market, shares changed hands at \$18.50 with buyers at \$18 1/2. Trams were also conspicuous with sales reported up to \$16.30, but at the close of business shares could be obtained at \$15 1/2. Lands and Electric both advanced \$2, the former to \$32.75 and the latter to \$52. Hotels also came in for enquiry with business reported at \$4.65 to \$5.10, but eased later and were obtainable at \$5. China Lights, old improved to \$3.10 and the new shares after changing hands at \$3 1/2 eased to \$3. With the advance in the price of lead H.K. Mines were seen on the market once again, shares changing hands at 8 1/2 cents.

Gold mining stocks were almost eliminated from the local market by the currency regulations. Following the Manila market, however, prices continued to sag apparently owing to the fact that interest is being diverted by the more spectacular appearance of the New York market. San Maurilio lost 6 cts. to 73 cts. United Paracale closed at 24 1/2 cts., a loss of 4 1/2 cts. I.X.L. at 33 c

CONTROLLER TAKING CENSUS OF COLONY'S FOOD

SUBMARINE
WARFARE
& AMERICAHOW GERMANY
WILL OFFEND
U.S. OPINION

ROME, Sept. 18 (Reuters).—The New York correspondent of the Italian newspaper "Telegrafo" says that the attitude of the United States would be much influenced by the way in which the Nazis conduct submarine warfare.

U.S. ATTITUDE
If Germany acts in accordance with Nazi character in the tragic logic of events and conducts submarine warfare wholesale, it will offend a formidable section of American opinion which favours support to Britain and France.

The correspondent thinks the attitude of the United States towards Germany might be as hostile as in 1917.

Polish Town
And Villages
Deliberately
Bombed

BUCHAREST, SEPT. 18 (REUTERS).—A TELEGRAM DECLARING THAT "IN THE PAST FEW DAYS GERMAN AIRCRAFT OPERATING IN POLAND HAVE DELIBERATELY AND METHODICALLY BOMBED TOWNS & VILLAGES CONTAINING NO CONCEIVABLE MILITARY OBJECTIVES," WAS SENT TO PRESIDENT ROOSEVELT BY M. MOSCICKI VIA THE AMERICAN MINISTER HERE.

The telegram adds that thousands of civilians were killed and wounded.

SOME SUCCESS

PARIS, Sept. 18 (Reuters).—The Havas correspondent with the Polish Armies says that operations are slowing down except in the Lemberg area where the Germans are meeting with some success and on the north-east front where the Poles have made a successful counter-attack.

The Poles, continues this correspondent, have captured many thousands of Nazi prisoners and several tanks.

The Polish Army, says Havas, has appealed to the International Red Cross for Medical Supplies.

EXCELLENT MORALE

PARIS, Sept. 18 (Reuters).—Despite the crushing superiority of the enemy in numbers and material fierce fighting is continuing on all sectors of the Polish front, states a Havas telegram from Lublin.

It added: "The Army's morale, as well as that of the Government and the people, has not undergone the slightest change and will remain the same to the end."

FURTHER NAZI
CLAIMS

BERLIN, Sept. 18 (Reuters).—Nazis claim successes by their troops 70 miles west of Warsaw and 75 miles south-west of the Polish capital.

Nazi troops, it is stated, are pushing in to Lublin, while the Germans again claim to have captured Brest-Litovsk, 120 miles east of Warsaw.

The Germans, says an official communique, prevented the retreat of Polish troops near Lemberg. The retreating Polish troops lost 12,000 prisoners and many guns and tanks.

Despite bad weather Nazi planes attacked the retreating columns of troops. The Vlna radio station was claimed to have been destroyed.

POLES HOLD OUT

However, a Polish communique says that in heavy fighting the Polish troops have held out. The Polish troops near Gdynia are still resisting while the Polish Posnan army is obstinately fighting and the enemy had to rush up reinforcements.

The southern Polish army has smashed the Nazi motorized regiment and has taken many prisoners and forty tanks.

THE FEASIBILITY AND PRACTICABILITY OF A HANDFUL OF HOUSEWIVES IN KOWLOON endeavouring to defeat the profiteering compradore was completely exploded as a result of inquiries made by a representative of the "Hongkong Daily Press" among the leading wholesale and retail dealers in the city yesterday.

While, in theory, the suggestion appears attractive, it was pointed out that where official redress has so far not met with the desired effect, the ability of a few women to handle a business, the technicalities of which have increased in present circumstances, would be absolutely futile.

If the prices of foodstuffs and essentials in this Colony are to be subjected to rigid control, action must come from the Food Controller and his Department. This was the consensus of opinion expressed by representative members of the trades concerned. Drastic action on the lines introduced in Singapore, is necessary to meet the grave situation which has arisen here.

In Singapore any dealers found continuing to sell goods above the prices fixed, or the increase allowed by Government, were immediately closed down by order of the Controller, and their licences cancelled.

ANOTHER ASPECT
Another aspect of the situation, which was touched upon by some of the dealers interviewed yesterday, was that the Government is paying over much attention to manufactured foreign foodstuffs.

In an emergency like the present, there is the dealer who has secret agents scouting round the market, watching competitive prices. Where such prices are below his, he deputises his agent to buy up the entire stock of the firm which undersells him and resells it to the public at his own price.

Generally, this is done in the case of goods for which there is a constant public demand, and the public is left with no alternative, but to "pay the price charged."

This is the common practice known as cornering the market and it will probably be countered by the Food Controller's demand for stock returns.

Opium Trouble: Quarrel:
Stabbing: Imprisonment

The stabbing of a woman following a dispute over the price of opium led to the appearance at the Criminal Sessions yesterday, on charges of wounding with intent to do grievous bodily harm and unlawful wounding, of an opium pipe maker, named Kwan Kin.

Mr. Justice J. A. Fraser heard the case, with the following jury:—Messrs. J. E. Newlin (foreman), Hui Wing, J. J. S. Macdonald, C. A. Barretto, H. van Leeuwen, Au Kim-fung and J. Webster. Mr. M. J. Abbott, Assistant Crown Solicitor, prosecuted, assisted by Inspector J. O'Donovan.

The crime, said Mr. Abbott, was the result of a quarrel which developed from some financial trouble about opium. Defendant was in the habit of buying opium from the complainant, Kwan Hui's three times with a hammer. Defendant, however, admitted having stabbed the woman, but seemed to allege that he had provoked her because of the quarrel.

Mr. Abbott submitted that defendant had definite intention to do the woman harm.

The jury returning a unanimous verdict of guilty on the first count Kwan Kin was sentenced to two years' hard labour.

ROBBERY RECALLED

Pan Sun and Leung Hau-chung, who were found guilty of having committed a robbery at Bowring Street, Yau-mat, on August 19, when a quantity of jewellery and money were stolen from a woman named Leung Yuk, were sentenced by Mr. Justice Fraser to five and four years' hard labour respectively.

STABBED WITH FILE

At 11 a.m., Kwan Hui was asleep, and her husband was out, when defendant went up and stabbed her with a file on the left chest and also in the back. After doing this, defendant ran away but was chased by the woman who, however, fainted. A man, named Chan Wing, carried on the chase to Des Voeux Road West, where he pointed out the defendant to an Indian constable who arrested him.
